BROOKSIDE COUNTRY CLUB

Brookside is a family-oriented country club, whose purpose is to create a sense of community among its members by providing the highest quality services and facilities in a long-term, fiscally responsible manner.

Brookside Country Club's 18-Hole Championship Golf Course was recently renovated with a "Growing Greener" stream and bridge project. The course is located at the foothills of the picturesque South Mountain, takes full advantage of the area's gently rolling land with some fine natural hazards, including the Swabia Creek that winds through part of the course.

Originally designed by Frank Meehan, the course with manicured greens offers golfers of all skill levels, a challenging round. The recent renovations expanded the creek bank, helped reduce erosion and flooding and added two acres of native green grasses around the creek. The PA Department of Environmental Protection provided a partial grant for the project.
